# Custom Professional Development

Let us come to you! Members may purchase WOSU Classroom Professional Development and Tech Coaching services tailored to fit their technology integration needs.

## Customized PD

All professional development opportunities can be customized to meet the individual needs of the districts and teachers involved.

### CUSTOMIZABLE COURSE ELEMENTS INCLUDE:

- **Length of Class** – From one-hour presentations to all-day hands-on classes, our PD can be designed to meet your needs. We can also provide courses in a series for ongoing and sustained support.
- **Curriculum Alignment** – Want to explore the use of SmartBoards in math? Need tech tools to support the scientific process? WOSU Classroom can customize our classes to meet the curricular priorities of your district.
- **Location** – You pick the location! WOSU Classroom will travel to your district for no additional fee. We are also happy to host you at WOSU if the necessary technology is not available near you.
- **Number of Participants** – WOSU Classroom designs classes to meet YOUR needs. We provide a span of options from overviews for large groups to in-depth, hands-on training for individuals... and everything in between.

## Tech Coaching

The primary goal of technology coaching is to assist teachers with seamless integration of technology into their existing curricula and teaching practices, in support of student work and learning.

Through the coaching process, WOSU Classroom designs training and instruction to align with teachers' individual technology goals and the goals of their school and district. The process spans a period of several months, allowing WOSU Classroom consultants to serve as instructional technology coaches throughout the school year.

### WHAT CAN A TECH COACH DO FOR YOU?

- Align professional development to school improvement plans and individual IPDPs
- Integrate 21st Century Skills into the curriculum
- Create assessments for building needs
- Individual or group instruction for staff
- Model lessons to demonstrate the use of educational technology
- Integration research

## WOSU kids

WOSU Public Media offers the free, live stream of PBS KIDS and the 24/7 children's TV channel, WOSU Kids! All of your favorite characters like Daniel Tiger, Super Why, Cat in the Hat and more are here to play and learn all-day long. What does this mean for your school?

### FREE ACCESS TO

Videos, games and classroom-ready, digital resources for teachers. For more details go to [wosu.org/classroom](http://wosu.org/classroom) to get involved today.

WOSU Classroom brings you the trusted content and services you need for a lifetime of learning as a teacher, parent or caregiver.
