- How can I monitor and regulate my time on devices?

**Elementary Classroom Learning Activity:**

**Intro**
This month, we are going to be talking about being a good Digital Citizen and how to make good choices with your devices and games. Let's watch this introduction.

Watch - Super Digital Citizen -

**Class Discussion**
- What is a good digital citizen? Someone focuses on these things:
  - Wellbeing - Being personally healthy
  - Citizenship - Being legal and ethical online
  - Etiquette - Having positive social interactions
  - Safety - Staying safe online
- Today, let's talk about Wellness and being healthy.
  - How much time is too much time when playing games or watching shows?
  - How can you keep track of the time that you spend on a game or watching TV?
  - When you are using a computer or watching something, and someone wants to talk with you, what's the best thing to do? Should you try to keep playing while the person talks with you?
Activities

- Create an Anchor Chart of “What is a good digital citizen?”
  - Students create a Word Cloud or Pic Collage of what is most purposeful to them.
  - Set your iPad Lock Screen or Home Screen with their digital citizenship creation!
  - Post your digital citizenship lessons on Twitter using #HCSDTechWell
- Setup Night Shift can help you reduce eye strain
  - To turn it on, go to Settings > Display & Brightness > Night Shift
- Setup Screen Time on your iPad
  - Go to Settings > Screen Time
  - You can see the total time you have been on this device today or past 7 days using the tabs at the top.
  - Clicking on the total number of minutes will give you a breakdown of which apps you have used the most.
- Have students create a PSA on Digital Wellness: Balance is Best! Involve your Tech Teacher to choose the most purposeful video to have other students watch.
